

August 2017 NEWSLETTER

The wood goes in the marina, the wood goes out of the marina!!! One of these days soon, very soon the water will be more like we like it!! Watch out fish, there are some hungry anglers!

The upcoming meeting this coming Friday, August 4 will have elections for officers: Commodore, Treasurer and Yogi Kobbe's position as Director. The outgoing officers have volunteered to remain but if you are interested in any of the positions nominations can be taken from the floor. This is an important meeting, a quorum is needed in order to vote so **PLEASE** plan to attend.

AND.....ROCKIN THE RESERVOIR IS THIS SATURDAY NIGHT! WOOHOO!!! Gate opens at 5:00pm and music starts at 6:30 with the awesome **Shufflebuggy**. Mike and Sherry will be serving hamburgers and hot dogs. Please bring a salad or dessert to share and....your own beverage! Should be a great night for a little music by the water!

Annual Auction will be held on August 19 so you can bring your treasures to the Clubhouse starting on the 14th. Auction will begin at 6pm **SHARP!** You don't want to miss the fun on this one! You never know what crazy things will happen during this event!

Also, an eclipse party has been scheduled for August 21st with brunch at 10:00 am. Susie will have a signup sheet so she knows how many glasses to get (not champagne glasses, EYE glasses so we don't burn our eyes)! So please bring some sort of brunch dish to share.

The State Parks people were here last Tuesday and met with the Board, Joe and Phil. Overall, they were very pleased with the Club. They did a walkabout and found some minor infractions which will need to be addressed, and this was the beginning of yearly inspections. The Board did request help with the bank erosion issue, a security gate, better signage for the public and speed bumps. The Board also inquired about the need for additional liability insurance and Julie (State) indicated that the Club should probably have 1mil/2mil. Bill Westerfield from the State did inform the Board that there is a State statute which says "outdoor recreation public facilities are to be used at your own risk" so the public is responsible for themselves. The Board also requested approval for the following projects: extension of the lawn south of the Clubhouse; constructing a trough along the marina to burn driftwood when the water is lowered and the building of a three sided barn on the east side behind the Russian olive trees which would be used for boat storage. The projects should be submitted to the State by October as it takes about ninety days to get approval. So, all in all, it was a great meeting. A complete update of the meeting will be given at the Membership meeting on Friday.

The Sip N Paint party had a nice turnout! Check out the Club's Facebook page to see some of the very creative artists we have in our Club!

Have not heard from the State regarding the septic system permit. The public comment period is over so hoping no news is good news.

****As mentioned above the next meeting will be held this Friday, August 4th with dinner at 6:30 and the general meeting at 7:15. Please bring a dish to share, your own table service and beverage.

The Club now has internet but not for streaming and it is advisable **NOT** to do important work such as banking. As a reminder, please do not share the password "fishing425" with nonmembers.

The TO DO List is posted on the bulletin board on the east side of the Clubhouse so take a look and see what might interest you! We have such a great club because of all its volunteers!!
